## TECHNICAL DATA SHEET

### UMITAN I / AS LIQ. ANTISTATICO FOR LEATHER CHEMICAL COMPOSITION Mixture of oxyethylated

#### FEATURES

|                        |                         |
|------------------------|-------------------------|
| Appearance:            | Pale yellow liquid      |
| Active substance:      | 55 - 60%                |
| pH in solution at 10%: | 6 - 7                   |
| ionic charge:          | anionic and non-anionic |

#### PROPERTY

UMITAN I / AS liq., For its characteristic chemical combination, fails to eliminate the electric charge that some types of skin are found to have, because of multiple machining processes to which they are subjected.

UMITAN I / AS therefore eliminates the annoying problem of the deposit on the hides of the poor, especially that resulting from processing of grinding.

#### WAYS OF USE

Is used from 0.5% to 0.7% of UMITAN I / AS in addition to the mixture of fattening.
